ORAL ORDER
(Passed on 19th March, 2007)

Alleging that the State Government has disobeyed the orders and directions issued by this Court in Writ Petition No.1432 of 2003 dated 01.09.2004, the complainant is before me in this contempt petition.

(2) It is the allegation of the complainant that the Government has not intimated the Principals of the Colleges impleaded in the writ petition not to make any appointment.

(3) In my opinion, orders passed by this Court ought to have been intimated to the State Government by the petitioners or through their counsel. If for any reason, after such intimation, the respondent had not complied with the orders and directions issued by this Court, then only the contempt would arise.

(4) Since the petitioners or their counsel had not intimated the orders and directions issued by this Court, respondent would not aware of the interim order passed by this Court, and therefore, the respondent has passed an order on 25.09.2004.

(5) In that view of the matter, I do not intend to take cognizance of this contempt petition. Accordingly, contempt petition is rejected. Ordered accordingly.
